

Thanksgiving

Thanksgiving Day is on the fourth Thursday of each November in the USA, November 25th.

On Thanksgiving Day, people can give thanks for many things. You can be thankful for your family and your friends. You can be thankful for good health, good times, and whatever you care about a lot.

Families share a big Thanksgiving feast. Many people serve turkey with stuffing, cranberry sauce, yams, potatoes, gravy, rolls, green beans, and pumpkin pie.

At the first Thanksgiving feast the Indians brought food for the hungry Pilgrims. The first Thanksgiving feast had fish, lobster, goose, deer, squash, wild turkey, corn, onions, and berries.
